

Powys Peer Support Forums

For our Direct Payment Employers and their PA's.

We are pleased to offer you an invite to the summer sessions of your peer support groups in and around Powys

Peer Support Groups

Peer support groups offer many benefits: they can empower people to support each other on a positive equal basis and offer something based on shared experiences. The value of helping others enables people to develop and share their information, skills and experiences. Service users on direct payments have always provided invaluable support to each other through peer support groups.

We welcome new and more experienced Direct Payments service users to come along and join us.

What you can expect at a Peer Support Group

Agenda:

- Find out about the work PeoplePlus have been doing with our new MYLife Portal where both direct payment employers and Pa's can register
- Come and speak with your local advisors and Council staff.
- We have produced a new toolkit on pooling your direct payment funds with other people, come along to find out how you can become more creative with your direct payment package.
- In partnership with Powys County Council, PeoplePlus are building a new E market digital dash board for you to easily view and manage your funds and link in with other services in the area. We are looking for interested service users to be part of this new exciting project group.

Please come and join us!
